

Documentation Forms for Organic Crop Producers

Crop Rotation Record

Use this form to document crop rotations. Please note that the term “crops” includes not only those intended for harvest and sale, but also cover crops or green manures that are incorporated or pasture and forage crops that are grazed. (Alternatively, field maps may be copied to note the crops grown each year in each location. Maps can be a mainstay of recordkeeping systems if they include soil-fertility and pest-management inputs.)

Farm:

Location ¹	Year/Season & Crop(s) Planted	Year/Season & Crop(s) Planted	Year/Season & Crop(s) Planted	Year/Season & Crop(s) Planted
<i>Example: Field 1</i>	<i>Summer 2011: Tomatoes Winter cover crop: bell beans</i>	<i>Summer 2011: Broccoli Fall: (12 mo) Strawberries</i>	<i>Winter 2011-12 cover crop: Soil builder mix (oat, barley, bell beans, peas)</i>	<i>Summer 2012: Cucumbers Winter cover: oats and vetch</i>

¹ Farm, ranch, field, pasture, parcel, plot, or bed.
