

Documentation Forms for Organic Crop Producers

Seed Records Part A: Suppliers of Seed or Planting Stock

Use this set of forms to document your search for commercially available organic seed—or reasons for the lack thereof—if any nonorganic seed or planting stock is used.

Use Part A to list the names and contact information of seed- and/or planting-stock suppliers who handle organic seed and/or planting stock as well as who you contact regarding availability of what you seek to purchase—and notes about commercial availability (quantity, quality, and form). It will serve as a reference with contact information for potential sources of organic seed (see also ATTRA's Directory of Organic Seed Sources http://attra.ncat.org/attra-pub/organic_seed/).

Use Part B to document your search for organic seed and stock as well as the reasons for the lack of commercial availability (quantity, quality, and form) if nonorganic seed or planting stock are used.

Use Part C to document the compliance of any seed treatments, coatings, or inoculants used.

If applicable, complete part C (on page C12) or adapt this form to list seed treatments, coatings, or inoculants.
