

# Hightail it out of there.

*Use our 48-Hour Fast Track option to apply for grants to haul poultry litter off your farm.*

**Poultry farmers with litter to haul in a hurry** should check out the Maryland Department of Agriculture's 48-hour Fast Track application for Manure Transport grants.

Fast Track farmers complete a shortened application form that can be processed within 48 hours once it's received by MDA.

If approved, MDA will issue a conditional approval that allows the poultry litter to be transported. Applicants assume risk for meeting all other eligibility requirements, including nutrient management requirements. Additional restrictions apply.

Hightail it out of there. Visit your soil conservation district today.
