## Urban Nutrient Management Seminar

Herrity Building (Rooms 106/107)

12055 Government Center Parkway  
Fairfax, VA 22035

November 29, 2018  
9:30 a.m. – 2:30 pm

### Agenda

9:15 am – 9:30 am	<b>Registration</b>	
9:30 am – 10:00 am	<b>Virginia UNM Update</b> - An overview about the current state of VA's Urban nutrient management program and what to expect in the near future.	Nick Yakish VA DCR
10:00 am – 10:30 am	<b>Maryland UNM Update</b> - Will inform participants about recent changes to the MD Fertilizer Law and highlight some of the differences between the VA and MD law	Judy McGowan MDA
10:30 am – 11:30 am	<b>Expectations of Synthetic and Organic Turfgrass Management Programs</b> - Turfgrass management programs based synthetic or organic products differ greatly in the types of materials available. A review of the latest research information and nutrient management recommendations on the different products available will be discussed.	Dr. Tom Turner UMD
11:30 am – 12:30 pm	Lunch on your own	
12:30 pm – 1:30 pm	<b>Five Years of Turfgrass Field Research Evaluating Granular N Fertilizers</b> - Response of Kentucky bluegrass lawns to nitrogen fertilizer trials evaluating soluble, stabilized, coated, synthetic organic, natural organic, and enhanced-efficiency granular products will be presented. Results include N availability/release curves in support of 4R Nutrient Stewardship and optimal cost, culture, and clientele satisfaction.	Dr. Max Schlossberg PSU
1:30 pm – 2:30 pm	<b>Competition Kills</b> - Successful turfgrass management involves a thorough understanding of the competition played out not just on the turf, but within the canopy itself. This presentation will consider the paradox of striving for the thickest, densest turf canopy possible, all the while knowing that this is creating inherent problems in turf health that must be addressed.	Dr. Mike Goatley VA Tech
