2020 Produce Safety Rule Qualified Exemption Registration Worksheet

The Maryland Produce Safety Program has adopted the U.S. Food and Drug Administration's (FDA) Produce Safety Rule through Maryland legislation that was effective July 1, 2019. The Maryland Department of Agriculture (MDA) will be conducting outreach, education, registration, inspection and enforcement activities for the Produce Safety Rule. Information on individual farms collected through this program will not be shared with any entities or persons outside of the MDA unless it is part of an active food borne illness outbreak investigation. All data collected concerning farms is shared with FDA as aggregate data only. If you have questions concerning your eligibility, please review the Maryland Department of Agriculture "Produce Safety Rule Exemptions and Compliance Dates Fact Sheet" or contact MDA at (410) 841-5769 or produce.safety@maryland.gov. This worksheet is for your use to determine if you are eligible for the Qualified Exempt status and should not be submitted to MDA. The Produce Safety Rule Qualified Exempt Registration Form is required to be filed with MDA annually to exclude you from the inventory of farms required to fully comply with the Produce Safety Rule.
