

Food Safety Fridays: A How-To Webinar Series

This monthly webinar series, hosted by the Maryland Food Safety Network, will focus on how to comply with key provisions of the Food Safety Modernization Act's Produce Safety Rule (PSR) from enacting practices to efficient record keeping strategies.

How to: Effectively and Efficiently Train Your Workers

May 22, 2020 @ 12:00 p.m.

How to: Make Water Risk Assessments

June 19, 2020 @ 12:00 p.m.

How to: Get A Handle On Water Quality

July 17, 2020 @ 12:00 p.m.

How to: Manage Wildlife

August 21, 2020 @ 12:00 p.m.

How to: Develop A Sanitation Program

September 18, 2020 @ 12:00 p.m.

How to: Apply, Handle and Store Biological Soil Amendments

October 16, 2020 @ 12:00 p.m.

How to: Put It All Together in A Food Safety Plan

November 20, 2020 @ 12:00 p.m.

Anyone with questions about the webinars can contact Sarah Everhart at severhart@law.umaryland.edu or 410-706-7377

Funding for this series of webinars was made possible, in part, by the Food and Drug Administration through grant PAR-16-137. The views expressed in written materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health & Human Services; nor does any mention of trade names, commercial practices, or organization imply endorsement by the United States Government.

Produce Safety Rule: True or False?

I'm showing all my employees the Cornell Health and Hygiene video; that's good enough for training.

False. While showing the video is a great component of training, the Rule also states that employees need training (with a record) specific to their job duties.

I have to clean and sanitize all my food contact surfaces after every use.

False. The Rule allows for the farmer to determine the cleaning and sanitizing schedule they deem appropriate based on assessment of risk.

I don't have to keep a wildlife monitoring log for the PSR.

True. There is no wildlife monitoring record required for the PSR, although you may need to keep one for certain GAP audits.
