Grant Application Guidelines

Application for 2024 Grant Year
Application Deadline: October 6, 2023

Purpose of the Maryland Horse Industry Board Grant Program

The Maryland Horse Industry Board Grant Program was developed to promote, bring awareness to and help grow the state's horse industry. The main goals of the grant program are to 1) increase public awareness and participation, 2) advance education and training in youth and adults, 3) support and promote equestrian events, programs, and activities, and 4) preserve access and use of public lands for riding in the Maryland horse industry. Grants that align with action items outlined in the most recent [Maryland Horse Forum Report](#) will be given strong consideration as well as grants that aim to enhance diversity and inclusion in the Maryland horse industry. The grant program is supported by the Maryland Feed Fund.

Eligible Applicants (but not limited to)

- Not-for-profit and non-profit organizations in Maryland
- Local and State government & university programs in Maryland
- Clubs & associations, businesses, licensed farms, stables, and horse rescues, schools & educational institutions in Maryland.

Application Submission

- Applicants must use and complete the grant application form available online at <http://mda.maryland.gov/horseboard/Pages/grants.aspx>.
- Do not exceed the number of words indicated in a section and maintain the order and format of the application form. Please use the notation "N/A" if a question is not applicable to your project.
- Handwritten grants will be accepted, but a typed grant in 12-point Ariel, Times New Roman, or Calibri font is preferred. The use of links to supplemental material is allowed, but the inclusion of supplemental materials with the application is strongly discouraged.
- Only eligible projects with completed applications postmarked or emailed by the deadline date will be considered. No additional materials will be accepted after the deadline.
- Grant requests should not exceed \$3,000.
- Submit your grant application as an email attachment in MS WORD or in PDF to ross.peddicord@maryland.gov. While email applications are preferred, hard copies of the grant will be accepted. Please mail grant applications to follow address:

Ross Peddicord, Executive Director
Maryland Horse Industry Board
Maryland Department of Agriculture
50 Harry S. Truman Parkway Annapolis, MD 21401

Application Review Process

Applications that meet the eligibility and submission guidelines above will be forwarded to the review committee for evaluation. The review committee is made up of 3-5 Maryland Horse Industry Board members and the Executive Director. Applications that do not qualify for review will be returned by mail with an explanatory note. During the review process, grant applications will be reviewed for:

- Quality of written presentation
- Potential impact and value to the horse industry
- Feasibility of the project
- Financial need
- Potential for matching funds

The Maryland Horse Industry Board is less likely to fund grant projects that use money for 1) capital expenditures on farms including waterers, run-in sheds, trail bridges, fencing, etc., 2) supplies already purchased or projects already conducted, 3) University overhead or indirect costs, and 4) purchase, lease or care of horses. The Board encourages entities seeking sponsorships for events to submit their request in the form of a grant to this program. Grant funds for applicants to attend conferences, trainings, or certifications will be limited to \$500 or less.

The average grant amount awarded is approximately \$1,000 with total grant monies awarded each year--\$30,000-\$40,000.

In some instances, the review committee may recommend a grant amount less than what was requested. Grant recipients should be notified of the status of their application within 90 days of the deadline date. Funding will be available after January 1. Project must be completed by June 30. A final report detailing how the grant monies were spent and the outcomes of the project is also due by June 30.
