B. Legislative Update

Ms. Turner introduced the item and advised the Board of the final status of the 2019 bills affecting the Foundation.

C. FY2020 Application Cycle

Ms. Cable introduced the item and was available for any questions from the Board. Ms. Cable provided the approved FY 2020 budget for the MALPF program, with a breakdown of the estimate for the general distribution for Round One for each county. Ms. Cable summarized the status and challenges of returning to a one-year application cycle, with the impact to the counties on a limited number of applications permitted for FY 2020 at the same time there are still applications eligible for Round Two in the FY 2019 cycle.

In addition, the main strategy for MALPF staff to complete the easement acquisition cycle in a 12-month period instead of the previous 24-month period is to shorten the time frames that landowners were given to provide work products associated with the transaction.

Ms. Cable presented the following MALPF Staff recommendations for the FY 2020 application cycle:

1. Submission deadline for FY 2020 application cycle July 1, 2019.
2. Maximum number applications to be submitted to DGS for appraising is 12.
3. Allow Counties with a high volume of applicants to submit up to 17 applications by the July 1st deadline, provided that at least 5 of the 17 applications are still eligible to potentially receive a Round 2 offer in the FY 2019 cycle.
4. Counties submitting more than 12 applications must submit a preliminary ranking of all the applicants, up to the full 17, by July 1st, and provide a final ranking of the top 12 applicants by July 31st. This gives the Counties through the July Board meeting to learn if any additional FY 2019 applicants receive easement offers. There will be no
further substitutions of applications once the top 12 applications have been identified to be submitted to DGS.

Motion #9: To approve the request for the FY 2020 application cycle, as recommended by MALPF Staff.

Motion: Jones, Sr. Second: Wood
Status: Approved
