

Recommended Operational Guidelines for the Farmers' Market

- Space vendors 12 feet or more apart
- Post procedural signage
- Vendors wear sanitary gloves and masks
- Vendors participate only when symptom free (no elevated temperature, cough and flu symptoms)
- Provide sanitary stations with instructions and sanitizers
- Limit vendors to food, dietary supplements and sanitary (soap, sanitizers and masks) products
- Encourage vendors to sell sanitizing products that have limited availability in retail stores
- Arts and craft vendors abstain until further notice
- One-way customer traffic through the market
- Use electronic payments when possible
- Extend operational hours if necessary, and
- Monitor/review market operations and make improvements as warranted
