I understand the waiver only applies to the requirement for showing the assessment fees on invoices issued to Maryland retailers and food services facilities and not to the requirement to submit the assessment fees to the Maryland Department of Agriculture on a quarterly basis. I also understand the records documenting the amount of assessment fees due must be kept for at least one year after the transaction and are subject to audit by representatives of the Maryland Department of Agriculture. Additionally, the waiver does not apply to the requirement to show the Maryland registration number on invoices issued to other wholesalers.
