I understand that Ginseng roots may only be collected from September 1<sup>st</sup> through December 1<sup>st</sup>: Roots from plants with fewer than 3 five-leaflet leaves (prongs) or with immature seeds (green berries) may not be collected; **plants must be a minimum of 5 years of age**, and all seeds from collected plants shall be immediately planted in the vicinity of the collected plants at a depth of 1 ¼ inches. As of the 2013 collecting season, ginseng harvest on state lands managed by the Maryland Department of Natural Resources is no longer permitted. Permission is required to collect on private property. Trespass laws apply.

I agree to keep the following records and to give them to the Maryland Department of Agriculture on request:

- The total amount (in pounds and ounces) of Ginseng harvested.
- The name and address of the dealer who bought my Ginseng.
- The county or counties where my Ginseng was collected.

***I understand that Ginseng may be sold only to a dealer licensed by this Department and that it must be certified before shipment from Maryland.***

## Program Feedback Questions

1. Are wild ginseng populations in Maryland at a sustainable level?
2. Did you learn how to identify and/or harvest wild ginseng from either your parents or grandparents?
3. Do you harvest wild ginseng roots for personal use?
