I understand that Ginseng roots may only be collected from September 1st through December 1st: Roots from plants with fewer than 3 five-leaflet leaves (prongs) or with immature seeds (green berries) may not be collected; **plants must be a minimum of 5 years of age**; and all seeds from collected plants shall be immediately planted in the vicinity of the collected plants at a depth of 1 1/4 inches. As of the 2013 collecting season, ginseng harvest on state lands managed by the Maryland Department of Natural Resources is no longer permitted. Permission is required to collect on private property. Trespass laws apply.

I agree to keep the following records and to give them to the Maryland Department of Agriculture on request:

- a. The total amount (in pounds and ounces) of Ginseng harvested.
- b. The name and address of the dealer who bought my Ginseng.
- c. The county or counties where my Ginseng was collected.

I understand that Ginseng may be sold only to a dealer licensed by this Department and that it must be certified before shipment from Maryland.

Program Feedback Questions

1. Have you noticed an increase in prices received for ginseng roots during the past year? If so, what do you attribute this to?
2. Do you grow Cultivated Ginseng? (Note: Cultivated Ginseng is defined as ginseng planted and tended to in a garden type environment, including under artificial shade). If so, have you been able to develop a market for cultivated roots?
3. Maryland Dept. of Agriculture is in the process of transitioning to an online, internet based system for Ginseng Program Applications where credit card payments will be accepted. Are you, as a Ginseng Collector or Dealer, able to apply and pay for your Permit/License online or would you require a mailed, hand written form with fees paid for by check/money order?
