Project Synopsis:

WE SUCCESSFULLY SPAYED AND NEUTERED THE NUMBER OF ANIMALS ANTICIPATED IN THIS YEAR

--	--	--

Project Description:

Use our clinic and spay now to spay/neuter private animals. Providing this service keeps even more animals being born and ending up as shelter animals.

Summary of Approach:

We advertize our program in mailings and in ads to let the public know we were able to provide this service.

Accomplishments:

We sucessfully paid and neutered 300 animals. We could have done more but ran short of money at end of grant.

Lessons Learned:

We needed to be clearer to grant people that the spay now clinic had sucessfully taken the place of our clinic and we had no lapse due to clinic closing.
