Number of Dogs Spayed:

Number of Cats Neutered: 891

Number of Dogs Neutered:

Amount Received: \$70,000

Amount Remaining (to be returned to MDA): \$0

---

### Project Synopsis:

This project sought to spay and neuter 1,750 outdoor community cats in Baltimore City.

Maryland Department of Agriculture  
Spay and Neuter Grants Program

## **Project Description:**

Funding for this project was used to spay and neuter 1,750 outdoor community cats through the BARCS TNR program.

## **Summary of Approach:**

Funding was utilized to TNR (trap, neuter, release) outdoor community cats. Baltimore City residents were encouraged to reach out to the BARCS Community Cat Program team with requests for assistance in altering outdoor cats. We then scheduled surgery appointments and, once healed, released cats back to their community.

## **Accomplishments:**

We successfully altered 1,750 cats!

Maryland Department of Agriculture  
Spay and Neuter Grants Program

## **Lessons Learned:**

Staff turnover was a challenging barrier to accomplishing our goal of 1,750 cats within the grant period.
