

The Humane Society of Charles County
HSCC Feral & Community Cat Project FY24

Project #
24-9016

Date of Report: 1/13/2025

Project Focus: Feral Cats

County(ies) Serviced: Charles County, Prince George's County, St. Mary's County

Total Number of Cats Spayed: 108

Total Number of Cats Neutered: 102

Total Number of Surgeries: 210

Amount Received: \$14,700.00 **Amount Spent:** \$14,700.00 **Amount Remaining (to be returned):** \$0.00

Project Synopsis:

210 feral cats have been neutered/spayed and vaccinated against rabies thanks to this grant. Unfortunately this is just the tip of the iceberg as there are so many feral cats in our local area. We were able to fundraise additional funding to vaccinate against feline distemper, give a dewormer and treat for flea and ticks.

Project Description:

We are very grateful to have been able to succeed with 210 surgeries

Summary of Approach:

This achievement is due to the dedication of one volunteer who is out trapping and transporting cats to surgery. This is a huge commitment by this one individual who at one point had 23 cats in her basement waiting for surgery and then recovering post surgery to ensure they were well enough to survive once released.

Accomplishments:

210 Surgeries

Lessons Learned:

We need to have a team approach, this is far too much for one individual
